Notes & Details

Maximize your storage space with this Regency 18" x 36" x 64" NSF black epoxy take-out shelving station with 1 shelf and 4 slanted drop in baskets plus PVC shelf mat overlay. This unit is perfect for use in your retail store, restaurant, warehouse, or hospital, and is ideal for equipping your take-out and online order stations with eye-catching signage and label holders. Its epoxy coating offers corrosion resistance for long-lasting durability, while also making it suitable for humid or moist environments such as walk-in coolers and warewashing areas. The PVC shelf mat overlay creates a smooth, solid surface that keeps your shelves sanitary and safe. A great way to add a convenient storage solution to a wide variety of operations, this shelving kit offers the reliable performance you need and demand!

Each of this unit's (5) 18" x 36" shelves can hold up to 600 lb. of evenly distributed weight. This strength and durability make it the perfect place for storing bulk ingredients and heavy supplies. Plus, the high weight capacity helps the shelf accommodate business growth as storage needs evolve and product inventory expands. This product features one shelf with four pairs of split sleeves and four slanted drop-in basket shelves with 16 pairs of split sleeves. The shelves can be adjusted to accommodate products or equipment of varying shapes and sizes with the help of this unit's (2) 74" stationary posts and (2) 64" stationary posts. The open design of this unit coupled with the ability to move shelves to different heights facilitates ventilation and maximizes airflow between and around products.
