Type	Shelving Kits
Usage	Dry Environments Warehouse

Notes & Details

Upgrade your storage capabilities with the Lavex Pro chrome heavy-duty 4-shelf kit! This kit includes (4) 74" posts, (4) 36" x 48" shelves, and 16 pairs of split sleeves. Made of durable, heavy-duty, reinforced chrome-plated steel, this unit is built to last. The chrome plating not only gives it a sleek and professional appearance, but it also makes it resistant to rust and corrosion, ensuring that it will maintain its quality even in demanding environments.

Whether you need to store supplies, equipment, or inventory, this unit is perfect for use in warehouses and industrial settings. Each shelf features a wire construction, which allows for proper airflow around the stored items. Its sturdy construction allows it to hold up to 1,000 lb. of evenly distributed weight per shelf, providing you with ample storage space for all your needs. The 36" x 48" shelves offer plenty of room for items of various sizes, while the 74" posts give you the flexibility to adjust the height of the shelves to accommodate your specific storage requirements. Each post comes with a post cap to prevent dust and debris from getting inside it and an adjustable zinc leveling foot to stabilize your unit on uneven ground.

Designed for use in dry environments, this shelving unit is an excellent choice for organizing and maximizing storage space. Whether you're looking to streamline your warehouse operations or simply need additional storage in your industrial facility, this heavy-duty shelving kit is the perfect solution. Mix and match with Lavex Pro accessories (sold separately) to personalize your kit! Invest in the Lavex Pro chrome heavy-duty 4-shelf kit and experience the durability and functionality it brings to your workspace. The shelving unit requires assembly.
