Number of Shelves	5 Shelves
Style	Adjustable Solid Stationary
Type	Shelving Kits
Usage	Construction Dry Environments Front of House Garage Kitchens Logistics Retail Stock Rooms Warehouse

Notes & Details

Upgrade your storage capabilities with this Regency NSF solid galvanized steel shelving kit! This kit includes (4) 86" stationary posts, (5) 14" x 30" solid galvanized steel shelves, and 20 pairs of split sleeves. Whether you're in a kitchen, retail, or industrial environment, this shelving unit is a reliable and efficient storage solution.

Crafted from durable 18 gauge galvanized steel, this shelving unit is built to last in busy commercial environments. Each shelf can accommodate up to 600 lb. of evenly distributed weight, making it perfect for storing a variety of items such as spices, small kitchen appliances, cleaning supplies, or ingredients. The raised edges on the shelves help keep stored items contained, preventing messes from spills or leaks.

The posts are constructed of chrome-plated metal, ensuring a high-quality, commercial-grade build. Additionally, the adjustable shelves can accommodate products of various shapes and sizes, offering flexibility for your storage needs. The included split sleeves make assembly a breeze and each post comes equipped with an adjustable leveling foot, providing a secure and stable unit. To assemble, simply snap two split sleeves around each post at one of the incrementally notched lines. After you snap the split sleeves on, fit the shelf down over each post to hold it in place.

Kit Includes:
- (4) 86" chrome stationary posts
- (5) 14" x 30" NSF galvanized steel solid shelves
- (20) Pairs of split sleeves
