

South African Green Rooibos (Loose Leaf)

Description:

South African Green Rooibos (Loose Leaf) is rooibos or red tea that is unfermented.

Taste:

Davidson's South African Green Rooibos (Loose Leaf) offers a light, earthy flavor profile, much milder than that of traditional rooibos.

Origin:

Davidson's sources its organic rooibos from South Africa. During a recent trip to visit our rooibos farmer, Davidson's co-owner, Kunall Patel, had the opportunity to experience each phase in the rooibos production process. Notice the green coloring of the green rooibos in the picture to the left.

Ingredients:

Organic green rooibos.

Brewing:

1. Bring fresh, filtered water to a boil.
2. Add 2 grams of tea to a infuser, or straight into an 8-oz. mug.
3. Pour the heated water into the mug.
4. Steep for 5-7 minutes.
5. Strain tea leaves, or take out the infuser.
6. Sip and enjoy Davidson's organic tea.
