**PERFECT FOR HEAVY-DUTY KNIFE SHARPENING
IN RESTAURANT AND CATERING KITCHENS**

GARDE

DETAILS

There's nothing like slicing through fresh ingredients with ease, and thanks to Garde's heavy-duty electric knife sharpeners, your knives will be ready to do just that! Not only does it restore blades in seconds, this versatile, electric sharpener is designed to sharpen both straight edge and serrated knives.

The 2-stage sharpening process creates a pinpoint, like-new edge each time. The two stages include one sharpening stage and one polish stage. This 2-stage process is great for sharpening straight edge kitchen knives, butcher knives, sporting knives, and pocket knives! For serrated knives of the like, the polishing stage is perfect to restore your blade's dull teeth to a razor-sharp edge. The 3-stage sharpening process includes one coarse stage, one fine stage, and one polish stage. This 3-stage process is great for sharpening straight and serrated edge kitchen knives, butcher knives, sporting knives, and pocket knives! For serrated knives of the like, the polishing stage is perfect to restore your blade's dull teeth to a razor-sharp edge.

The glossy construction complements any kitchen's decor and its small size allows it to fit on countertops for convenient access. Boasting angled knife guides, this sharpener keeps your knives in the ideal 20-degree angle sharpening position. Plus, it even features a swarf collection compartment that is easily emptied. Keep every knife in your kitchen sharp and ready to use with this Garde electric knife sharpener! A 120V electrical connection is required for operation.
