

Champion Tuff Grills is your Wood Fire and Gas Grill Specialist!

Champion Tuff Grills offers the industry's largest selection of wood fired equipment including the Tuff Grill, the original Champion Grill, the Tuff Charbroiler and the Tuff Charbroiler Countertop. Every Tuff Grill is made in the USA featuring our exclusive Cool Jacket Technology. The original Champion Grill is designed to be virtually indestructible. The Tuff Charbroiler offers the convenience of gas while getting a wood smoked flavor. This allows you to extend your menu by adding smoked items. Champion Tuff Grills seal in flavor while allowing you to expand your culinary repertoire.

Why Choose Champion Tuff Grills?

"This new technology they've got, with these cool jackets, is really amazing! We can do anything we want with the grill and get as hot as we want. We burn mesquite, the hottest wood you can burn, yet it doesn't really affect the heat of the kitchen necessarily unless you're above the grill. Which is exactly where you want the heat to be."

- Chef Tim Love

"I've been known to grill anything from pizzas to grilled salads. Almost all of my hot foods for my catered events come off of my grill. My guests love the all natural grilled flavor and the creative style of cooking."

- Chef Eric Zamudio
