

designed by *Colanni*

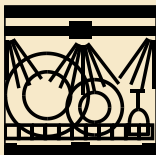

The Frilich stainless steel faucet is conceived from Frilich on basis of long years experience in the gastronomy, which fullfills highest standards at quality and handling. The large outlet guarantees a comfortable and reliable serving of the juice/milk.

It is produced of solid stainless steel, dishwasher-proof and if it is maintained in the right manner the faucet has an extreme long service life.

Do not use tools for cleaning!

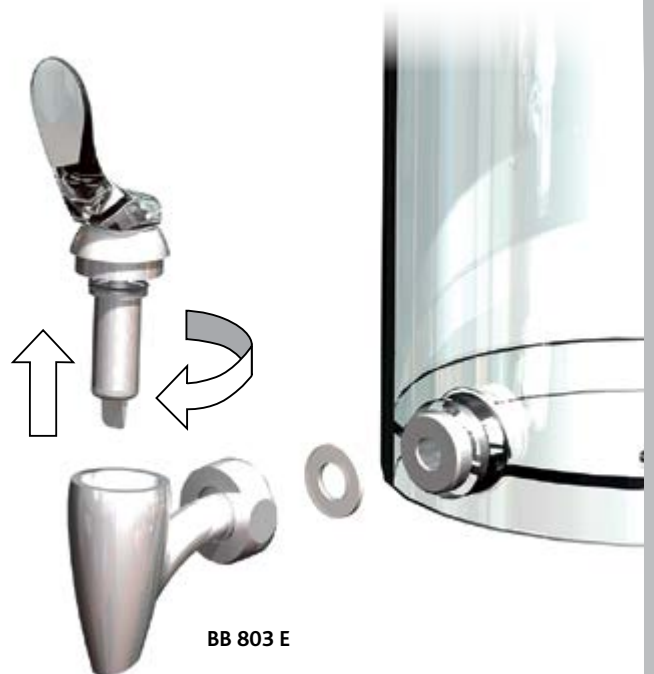

Do not use concentrate (e. g. acetic acid) for pre-cleaning.

Completely dishwasher-proof

Safe for cleaning with commercially available/conventional cleaning agents and devices.
