

Mibrasa® Charcoal Ovens

The Mibrasa® Charcoal oven is a closed grill designed, developed and manufactured in our workshops in Spain. Made from the best quality steel and using forefront engineering techniques, our grills are designed to fulfill the demands of professionals in the hospitality sector.

The technical specifications allow the user to accurately control the airflow through the grill to regulate the

intensity of the embers, and as a result, cuts down the amount of charcoal needed. With the Mibrasa® oven, you can cook all types of food, retaining their natural flavors whilst bringing out a unique taste.

We have a wide range of high-quality products and accessories allowing you to personalize your Mibrasa® oven and adapt it to your needs.

2x1 GRILL AND OVEN
in one sole machine

COOK ALL TYPES
OF INGREDIENTS
meat, fish, seafood,
vegetables & desserts

FUELED SOLELY
BY CHARCOAL

to bring about the
DEEP RICH FLAVORS
distinct to coal-fired cooking

EFFORTLESS DOOR OPENING
SYSTEM
with zero maintenance
