

NEW!

L4S/D Sight Gauge

Durable, Protective Cover

Works independently from the InnoTherm at-a-glance features

Easy-View Gauge

Use with any coffee brewer

New, Larger Faucet Handle

Precise control of beverage container filling.

Faucet Guard

Transparent polycarbonate faucet guard keeps containers and cups away from the spout to help prevent cross contamination.

Wrap Stabilizer

Pronounced ledge in molded plastic cover helps prevent graphic “wraps” from sliding up the dispenser body during handling.

Superior Heat Retention

Precision Fit Lid Assembly keeps moisture and heat from escaping to lock in freshness and aroma. Sure-Snap cap closes securely

Dispenser or Server

1.5 gallon capacity on or off base
