

Modular Ice Machines

High-Performance R290
Hydrocarbon Refrigerant

304 Stainless Steel
Exterior Construction

Included Ice Scoop

Adjustable Legs to Easily Level

Modular Ice Machines

Removable Air Filters
7 Segment Display Control Panel
Integrated Cleaning Function
1 Year Parts & Labor: Modular Ice Machine
5 Year Parts: Compressor Only
1 Year Limited Replacement: Ice Bins
**See warranty document for full details*

Diamond Modular Ice Machines

Easy Compartment Access for Simplified
Cleaning, Service & Installation
4 Column Frame for Enhanced Durability
Enhanced airflow for better efficiency
Simple to Clean Ice Thickness Sensor
On/Off/Clean Switch and Easy Access PCB
2 Year Parts & Labor: Modular Ice Machine
5 Year Parts: Evaporator & Compressor
1 Year Limited Replacement: Ice Bins
**See warranty document for full details*

How Much Ice Do You Need?

Use the estimates below to see how much ice
your establishment might use per day:

Restaurant	1.5 lb. per Meal
Cocktail Bar	3 lb. per Seat
Cafeteria	1 lb. per Person
Water Service	6 oz. per 12 oz. Cup
Salad Bar	35 lb. per Cubic Foot
Beverage Service	5 oz. per 7-10 oz. Cup 8 oz. per 12-16 oz. Cup 12 oz. per 18-24 oz. Cup
Hotel Guest Ice	5 lb. per Hotel Room
Hotel Catering	1 lb. per Customer
Health Care	10 lb. per Patient

For Example:

If a restaurant averages
250 meals sold in a day:
250 Meals x 1.5 lb. = 375 lb.

Therefore, that restaurant is looking
for an ice machine that can make 375
lb. or more of ice in one day.

A Guide to Ice Styles

FULL CUBE		HALF CUBE		NUGGET	
7/8" x 7/8" x 7/8"		3/8" x 7/8" x 7/8"		7/16" x 5/16" x 3/8"	
Slow melting and high visual appeal. Best for premium cocktails, top shelf spirits, upscale bars, restaurants, and banquet service where presentation matters and dilution control is important.		Highest packing density and fast cooling. Best for fountain drinks, soft drinks, iced coffee, healthcare and lodging ice dispensers, and high volume restaurant beverage service.		Soft, chewable, and absorbs flavor. Best for healthcare facilities, smoothies and blended drinks, frozen cocktails, soda and fountain service, and patient and staff drink stations. Also pairs especially well with soda.
