ASSEMBLY INSTRUCTIONS

Step 1

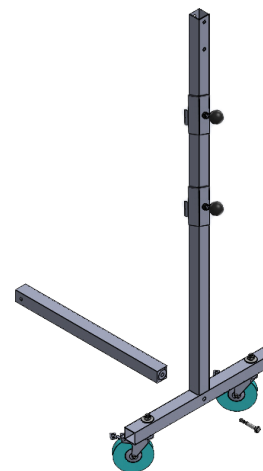

1. Slide the load support attachments onto the support stand (adjust height as needed). Make sure the ball knobs are facing outward. Twist to secure.

Step 2

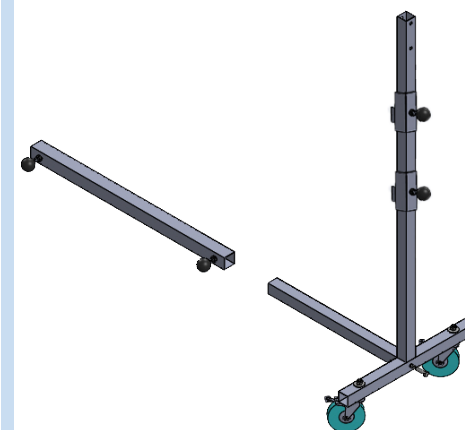

2. Use the provided washers and nuts to attach the casters on both sides of the support stand.

Step 3

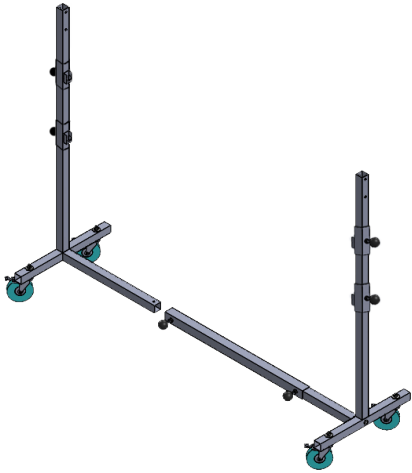

3. Attached the base couplers, perpendicular, onto the inside of both support stands.

Step 4

4. On one side, slide the base tube over the base coupler and tighten by twisting the ball knob.

Step 5

5. On one side, slide the base tube over the base coupler and tighten by twisting the ball knob.

Step 6

6. Lastly, place the roll support bar(s) in the middle of the stand, so it rests on the load support attachments (adjust height as needed).
