

Mixing Instructions

To make a 3 gallon batch of Jolly Rancher Slush please follow steps 1-2

Step 1.

Fill mixing container with 1 bottle of Jolly Rancher Slush concentrate.

Step 2.

Fill mixing container with cold water to 3 gallon mark, shake well, and pour into machine.

Mixing tips.

Prep next batch and store product in a cooler to reduce freeze down time in machine.

If 3 gallons is too heavy to shake, pour concentrate, fill to 1 gallon mark, and then shake. Then, fill to 3 gallon mark with water and pour into machine.

3 gallon
