*This base should only be used under a table.

**Due to size and construction of the 9' x 9' square umbrella, it is ONLY compatible with the 110 lb. granite bases (427BASEGRNGY & 427BASEGRNBK).

NOTE:

If you are purchasing an umbrella base for beneath a table, be sure to measure your table base clearance and compare to the umbrella base height to ensure that there is adequate space.

Always lower umbrella in windy or inclement weather conditions.
