

**How to Handle and Care for
Your American Metalcraft Product**

Pizza Stones

Preparation:

Prior to first use rinse the stone using a soft cloth and warm soapy water.

Washing:

Hand wash with a soft cloth and dry thoroughly.

*Note: Do not expose the stone to a dishwasher, abrasive sponges, caustic cleaners, or acidic detergents.

Daily Care Notes:

- Never allow the stone to be soaked in water.
- Avoid extreme temperature changes, hot to cold or cold to hot.
- Store the stone in a safe place to prevent dropping the stone and creating possible chips or cracks.
- The stone may be used with temperatures up to 800 degrees F
