

1600

Li-ion Battery Technology

Delivers lasting fade-free power

Ultra Fast Charge

Fully charges to 100% in 4.5 hr. (AC)

Expandable Capacity

Add up to 10 expansion batteries to extend run time

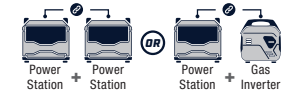

1600

Expansion Battery
Model No. 201107

Parallel Ready

Link another Power Station or Gas Inverter

PARA LINK

Parallel Kit
Model No. 201108

3200

Model ▶	100594	ZERO EMISSION CLEAN POWER	100593
Capacity [Wh]	1638		3276
AC Running Watts [W]		1600	
AC Starting Watts [W]		3200	
Run Time @ 100W [hr.]	16.4		32.8
AC Outlets		120V 5-15R (x3)	
DC Outlets		APP, 12V DC Automotive, USB A (x2), USB C PD, USB C QC 3.0	
External Battery Chainable*		Yes	
Parallel Capable**		Yes	
AC Charge Time to 100% [hr.]	4.5		9
Solar Charge Time to 100% [hr.]	4.8		9.6
Life Cycles		1000	
Rated Voltage [V]		120	
Output Frequency [Hz]		60	
Internal MPPT Solar Charging		Yes	
Battery Chemistry		Li ion	
Rated Battery Voltage [V]		46.8	
Solar Connection Options		APP, MC4 (x3)	

! Specifications, descriptions and illustrations are subject to change without notice. / *Chain up to 10 Champion Li ion 1638Wh external batteries (201107). / **Parallel capable with any Champion Inverter and 1000Wh and higher Power Station.
