

Table Base

ASSEMBLY INSTRUCTIONS

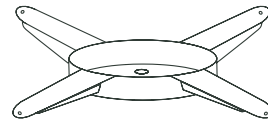

LANCASTER™
TABLE & SEATING

PARTS LIST:

A Threaded Rod

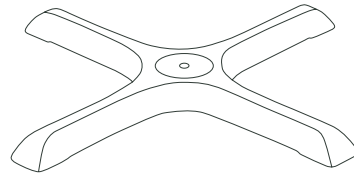

B Spider

C Column

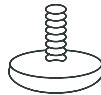

D Base

E Washer & Nut

F Floor Guides (4)

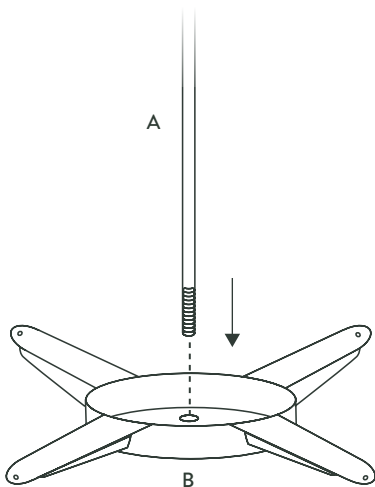

NOTES:

1. Inspect all pieces for damage before assembly.
Do not assemble if any pieces are broken or damaged.
2. Ensure you have all required pieces before assembly.
3. Directions applicable for cross, round, and end base plates.
4. The amount of floor guides may vary dependent on base plate style.

REQUIRED TOOLS: Wrench (not included).

STEP 1

Place the threaded rod (A) through the hole in the spider (B) until the end of the rod sits at the top of the spider.

STEP 2

Flip the spider (B) so it is flat with the threaded rod (A) standing vertically, then place the column (C) over the threaded rod and slide it down until it touches the spider.

LANCASTER[™]
TABLE & SEATING

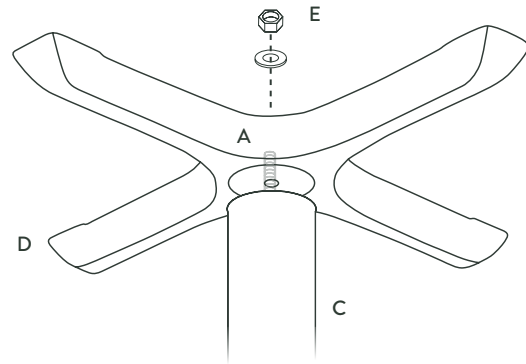

STEP 3

Align the center of the base (D) with the column (C) and push the end of the threaded rod (A) through the hole in the base.

STEP 4

Place the washer and nut (E) on the threaded rod (A) and use a wrench (not included) to tighten the nut, securing the base (D) to the column (C).

NOTE: Ensure that the top of the threaded rod sits against the spider (B) while tightening the nut.

STEP 5

Screw the four floor glides (F) into the bottom of the base (D) and flip the assembled table base right side up. The unit is now ready to attach to a table top
