TIKI BREEZE ENERGY CONCENTRATES: FEATURED PLANT BASED INGREDIENTS AND VITAMINS

Natural Caffeine from Arabica Coffee: Provides a smoother, more balanced energy boost compared to synthetic caffeine. It is rich in antioxidants, supports mental alertness, and helps enhance focus without the jittery crash often associated with artificial sources.

Rhodiola Rosea: An adaptogenic herb that helps reduce stress, enhance mental clarity, and improve physical endurance. It supports energy levels, fights fatigue, and promotes overall well-being by balancing cortisol and boosting resilience to stress.

Lotus Leaves and Flowers: Rich in antioxidants and bioactive compounds that support relaxation, digestion, and overall well-being. They help reduce stress, promote healthy circulation, and may aid in weight management by supporting metabolism. Lotus also has calming properties that enhance mental clarity and balance.

Hibiscus Extract: Rich in antioxidants, particularly anthocyanins and vitamin C, which support immune health and combat oxidative stress. It promotes heart health by helping maintain healthy blood pressure and cholesterol levels. Additionally, hibiscus extract has anti-inflammatory properties, aids digestion, and contributes to hydration with its naturally refreshing and tangy flavor.

Guarana: A natural source of caffeine that provides a sustained energy boost without the crash. It enhances mental alertness, improves focus, and helps fight fatigue. Rich in antioxidants, guarana also supports metabolism, promotes physical endurance, and may aid in appetite control.

Elderberry Extract: packed with antioxidants and vitamin C, making it a powerful immune booster. It helps fight colds and flu, supports respiratory health, and reduces inflammation. Elderberry also promotes overall well-being by combating oxidative stress and supporting a healthy immune response.

Vitamin B3 (Niacin): Supports energy production, brain function, and healthy skin while aiding in metabolism and circulation.

Vitamin B5 (Pantothenic Acid): Helps convert food into energy, supports adrenal function, and reduces fatigue and stress.

Vitamin B6 (Pyridoxine): Essential for brain health, neurotransmitter production, and immune function, while also helping regulate mood and energy levels.

Vitamin B12 (Cobalamin): Boosts energy, supports red blood cell formation, enhances brain function, and helps prevent fatigue and weakness.
