

Monin White Chocolate Sauce

The color expectation for Monin White Chocolate sauce is off-white to light yellow or beige. The white chocolate sauce contains dairy ingredients that can darken naturally, and the browning process can be accelerated if the product is exposed to high temperatures during shipment or storage. The product is safe to use even if the color has darkened.

Should you have any concerns or questions regarding any of our Monin products, please call our customer service department at 1-800-966-5225.

Kind Regards,

Monin Quality Assurance
