

4.5L round step can, matte black steel

product features

I'm the strong, silent type: Our strong steel pedal is engineered to last over 150,000 steps — that's more than 20 steps a day for 20 years — and our patented lid shox technology controls the motion of the lid for a slow, silent close.

perfect fit - extra strong: We have a custom fit liner for every can we make (that's a lot of cans). They're extra-thick and double-seamed. No slipping, leaking, or ripping — and they stay neatly hidden under the lid.

earth-friendly buckets: Our black inner buckets are made with at least 75% post-consumer recycled plastic.
