para lavad manual de vidrios de barras

Manufactured for:
Clark Core Services, LLC
2205 Old Philadelphia Pike
Lancaster, PA 17602
1-888-256-6400

GENERAL DESCRIPTION

BAR GLASS CLEANER LOW SUDS POWDER is a medium- to heavy-duty cleaner. A unique blend of wetting and emulsifying agents gives LAST CALL BAR GLASS CLEANER its superior ability to penetrate even the toughest soils. It penetrates and suspends tough soils to prevent redepositing, then rinses completely and leaves surfaces free from residue. It is intended for use in electric brush cleaning systems and will not inhibit the foam from tap dispensed beverages. LAST CALL BAR GLASS CLEANER removes lipstick stains, grease, odors, and other soils. LAST CALL BAR GLASS CLEANER does not affect beer heads, is mild to hands, and works well in all water hardness conditions.

PHYSICAL PROPERTIES

Chemical Composition: Penetrating agents; soil and grease emulsifiers; soil suspending agent; water conditioning agents; soil and grease penetrants.
Appearance White, Free Flowing Powder
pH of 1% solution 10.0
