Wyman's raspberries are prepared from properly sun-ripened, washed and cleaned fruit that is inspected and sorted to assure top consistent quality. Product of Chile.

Product is in complete compliance with the Federal Food and Cosmetic Act of 1938 as amended.

Wyman's raspberries are managed using advanced Integrated Crop Management (ICM) techniques in order to minimize use of any herbicides, fungicides, or pesticides. Any such products used by Wyman's or its suppliers have been fully approved by the Food and Drug Administration (FDA) for use on raspberries and are applied strictly according to label instructions by trained and licensed applicators.

Wyman's processing facilities are regularly audited by reputable third-party auditing firms and all processing is done in an allergen-free environment under a strict HACCP food safety program.
