Notes & Details

This Acopa Voyage 5 qt. 2/3 size stainless steel induction chafer with glass top and soft-close lid is a simple, yet elegant solution for your buffet, catering, or hotel food service operation. Featuring an included steam pan and water basin, this unit comes with everything required for an upscale buffet offering. Boasting an ample 5 qt. capacity, this 2/3 size rectangular chafer set is designed to keep food warm and appetizing throughout the duration of the meal service. Compatible with induction heating elements, its induction bottom creates an excellent heating surface and eliminates the hassle of using chafer fuel. Induction chafers also provide best-in-class heat distribution with no hot or cold spots, and they allow you to maintain a constant temperature for longer periods of time than other, traditional chafers. Plus, because there is no open flame, this chafer eliminates the hazard of burns and fire for a safer working environment.

Built to last from durable and easy-to-clean stainless steel, the unit features a sleek rounded rectangular shape, making your food accessible and enabling it to blend seamlessly into the background of your table presentation. Not only does its elegant dome cover help keep food warm and covered to prevent contamination, it features a clear glass window that allows guests to see what's inside without lifting the lid! The lid is also hinged so it won't become misplaced, while the soft-close feature prevents guests from slamming the lid down and causing scratches. A large, easy-to-grasp handle is attached to the lid, making it easy to access the food inside when the lid is closed. A bright mirror-polished finish completes its classic look, creating an elegant touch that is sure to leave a lasting impression.
