Notes & Details

The dual-purpose Acopa Voyage 5 qt. 2/3 size stainless steel induction chafer with glass top, soft-close lid, and stand with fuel holder is a simple yet elegant solution for your buffet, catering, or hotel food service operation. Featuring an included steam pan, water basin, and fuel stand, this set comes with everything required for an upscale buffet offering. Boasting an ample 5 qt. capacity, this 2/3 size rectangular chafer set is designed to keep food warm and appetizing throughout the duration of service. For ultimate convenience and versatility, it can work with either chafing fuel or induction warmers.

Constructed from durable stainless steel with an attractive mirror polish finish, this chafer is easy to clean, and enables even heat distribution for keeping your food at the perfect serving temperature. Its hinged soft-close lid features a long handle, making it safe and easy to lift. The glass top allows your guests to preview the unit's contents. The unit is polished to a bright mirrored finish, which together with its sturdy, slightly curved legs, completes a classic look and adds an elegant touch that is sure to leave a lasting impression.
