Type	Induction Chafers Standard Chafers
Usage	Dual Use

Notes & Details

Keep food at the perfect servable temperature for long periods of time with this Acopa Manchester 9 qt. full size stainless steel induction / traditional dual purpose chafer with glass top, soft close lid, and stand with fuel holders. This kit includes everything you need to serve signature dishes and keep them hot. This chafer's stainless steel construction perfectly balances elegance and durability. While heavy-duty stainless steel ensures it's equipped for consistent commercial use, its sleek finish and appearance make it a perfect choice for upscale events and a luxurious addition to your table. For ease of use, the induction chafers require no water or water pans to operate. A hydraulic hinge mechanism makes this chafer easy to use by closing the lid slowly and smoothly, and anti-noise plastic knobs on the corners reduce sounds that can disrupt the atmosphere of special events. Plus, the lid is quickly detachable for convenient cleaning and boasts an adjustable level support, while its recessed shape allows you to lift the pan easily. There is also one food pan included.

A wide, tempered glass window allows guests to easily see the contents of the chafer without opening it, thus keeping more heat inside and preserving the freshness of the food, all while remaining more sanitary than traditional chafers. An induction-friendly bottom allows you to use this chafer with induction warmers for the ultimate convenience.

The included chafer stand is constructed of heavy-duty stainless steel that ensures it's durable and perfect for holding heavy dishes like casseroles or pastas. Its built-in fuel holders make setting up a breeze, too. Simply place fuel canisters (sold separately) into the two holders and keep dishes at the perfect warm temperature for guests to enjoy. This stand is sure to upgrade any table or buffet appearance, so it's perfect for weddings, parties, and other catered events where style and presentation matter most.

Kit Includes:

- 9 qt. full size stainless steel induction chafer
- Chafer stand
- (2) Fuel holders
- Food pan
