Notes & Details

The Avantco C15 pourover airpot coffee brewer is the affordable and durable solution to your coffee needs! Designed for easy use with simple push button operation, this coffee brewer features a 2.2 liter water tank reservoir. Coffee is brewed at optimum temperatures between 190 and 200 degrees Fahrenheit, and its external stainless steel construction gives it a sleek appearance and makes it easy to clean. The brewer utilizes a fixed, non-adjustable temperature. And to ensure you can keep up with busy hours, this compact brewer can produce up to 56 8 oz. cups of coffee per hour. The Avantco C15 pourover airpot coffee brewer requires a 120V electrical connection.
