Number of Warmers	3 Warmers
Output	3.5 Gallons per Hour
Plug Type	NEMA 5-15P
Power Type	Electric
Style	Single
Type	Coffee Brewers
Water Source	Pourover

Notes & Details

The Avantco C30 pourover coffee brewer is the affordable and durable solution to your coffee needs! Designed for easy use with simple push button operation, this coffee brewer features two lower warmers and one raised warmer so you can have multiple pots of hot coffee ready while another is brewing. Coffee is brewed at optimum temperatures between 190 and 200 degrees Fahrenheit, and its external stainless steel construction gives it a sleek appearance and makes it easy to clean. The brewer utilizes a fixed, non-adjustable temperature. And to ensure you can keep up with busy hours, this compact brewer can produce up to 56 8 oz. cups of coffee per hour. The Avantco C30 pourover coffee brewer requires a 120V electrical connection.
