Notes & Details

Create a light and crispy pizza crust with this Avantco 18" x 18" square cordierite pizza baking stone. This 1/2" thick pizza stone is intended for use as a replacement for the one that came with your countertop pizza oven. The stone is designed to distribute heat evenly and efficiently. Not just for pizzas, this stone can also be used to cook cookies, strombolis, and bread.

Made from durable cordierite material, this pizza stone will prove a useful tool in your bar, restaurant, or pizzeria. Perfect for lighter-duty applications, this pizza stone is a high-quality option. Supply your pizzeria, restaurant, or bar with a durable, cost-efficient pizza stone like this Avantco cordierite pizza stone! This pizza baking stone is the perfect size for your select Avantco DPO series pizza oven, or similar deck ovens that require an 18" x 18" stone deck. This stone should not be used for frozen foods, which may cause thermal shock and result in the stone cracking.
