Notes & Details

This Avantco 177EST4SG overshelf for select Avantco units is a great way to increase the versatility of your steam table, and get the most out of your equipment! This overshelf, composed of 430-type stainless steel, provides vertical storage space for commonly used tools, utensils, and condiments. You can also use it to serve plated meals. It also features an acrylic sneeze guard panel to shield your culinary creations from harmful pathogens. Best of all, installation couldn't be easier! It attaches using simple screws, which fit in pre-drilled holes within the steam table. It's an excellent addition to any serving line!
