Plug Type	NEMA 5-15P
Power Type	Electric
Shape	Round
Style	Flexible Arm
Type	Heat Lamps

Notes & Details

Keep food hot and fresh with this Avantco HLD24GDB 24" gold dual arm flexible heat lamp with weighted base. This free-standing heat lamp set can warm baked goods, fried foods, and carving station meats. The lamp is 24" tall; however, its dual flexible arms can be lowered toward or raised away from foods with ease. This allows you to adjust the lamp to your space and food requirements, tailoring it to your specific needs and keeping your food hot.

The lamp's attractive gold finish and drilled stainless steel shades will complement any decor. Its on / off toggle switch is located away from the heat zone for safety. The lamp comes with a sturdy, gold weighted base that supports the lamp, providing a free-standing setup. Its base offers unmatched mobility, allowing you to move the lamp around freely; you are no longer bound to the restrictive limits of clamps, screws, and mounts. Additionally, the set also includes (2) 250W shatterproof bulbs. The lamp features a durable stainless steel construction. The sockets are ceramic insulated and furnished with a nickel-plated copper screw shell and contact point to prevent fusing and ensure you get a long life out of your heat lamp. This lamp requires a 120V electrical connection.

Set includes:

- 24" gold dual arm heat lamp
- Gold weighted base
- (2) 250W shatterproof bulbs
