Notes & Details

Create your most popular confectionery delights with the Avantco MX30H 30 qt. commercial planetary mixer! Whether you're tackling cake batter or the occasional pizza dough, this mixer's 1 3/4 hp motor and 3-speed gear-driven transmission will get the job done without the risk of drive system slip that can happen with belt-driven models. Plus, this unit includes a 30-minute timer for optimal convenience. Its automatic safety overload switch will cut the power in the event of overdraw to protect your unit from damage, while the included stainless steel bowl guard also prevents clothing, utensils, or your employees' hands from encountering the agitator when the mixer is in use. For added safety, this mixer will not operate when the bowl guard is opened, when the bowl is lowered, or if the bowl is removed.

In addition to a 30 qt. type 304 stainless steel bowl, this mixer comes with a variety of other accessories, including a type 304 stainless steel wire whip for mixing liquids and soft foods, a cast aluminum flat beater for mixing dry ingredients, and a cast aluminum dough hook for kneading bread or pizza dough on low speed. This mixer also features a manual bowl lift that raises the bowl to the proper height for mixing with just the turn of a wheel! This unit requires a 120V electrical connection.
