Notes & Details

Create your most popular dishes with the versatile Avantco MX30SHKIT 30 qt. commercial planetary mixer with a shredder attachment! Whether you're tackling cake batter or the occasional pizza, this mixer's 1 3/4 hp motor and 3-speed gear-driven transmission will get the job done without the risk of drive system slip that can happen with belt driven models. Thanks to its industry-standard #12 hub, it can fit a variety of compatible accessories including the shredder attachment that comes with the unit. Simply secure the attachment in the mixer hub, place a bowl or container under the outlet, and you can start processing fresh vegetables. Perfect for processing fresh produce to use as ingredients and garnishes for your dishes, it comes with all the necessary accessories for shredding. A 3/16" shredder disc comes with the unit, but you can also purchase additional shredder and grater disc sizes (sold separately) to increase versatility.

This unit includes a 30 minute timer for optimal convenience. Its automatic safety overload switch will cut the power in the event of overdraw to protect your unit from damage, while the included stainless steel bowl guard also prevents clothing, utensils, or your employees' hands from encountering the agitator when the mixer is in use. For added safety, this mixer will not operate when the bowl guard is opened, when the bowl is lowered, or if the bowl is removed. In addition to a 30 qt. type 304 stainless steel bowl, this mixer comes with a variety of other accessories, including a type 304 stainless steel wire whip for mixing liquids and soft foods, a cast aluminum flat beater for mixing dry ingredients, and a cast aluminum dough hook for kneading bread or pizza dough on low speed. This mixer also features a manual bowl lift that raises the bowl to the proper height for mixing with just the turn of a wheel! This unit requires a 120V electrical connection.
