Avantco APT-36-HC 36" 2 Door Refrigerated Sandwich Prep Table

Item #178APT36HC

Technical Data

Width	36 1/4 Inches
Depth	31 Inches
Height	42 5/16 Inches
Power Cord Length	84 Inches
Cutting Board Width	36 1/4 Inches
Interior Width	33 Inches
Left Door Opening Width	14 5/16 Inches
Nominal Width	36 Inches
Right Door Opening Width	14 5/16 Inches
Cutting Board Depth	10 1/2 Inches

Features

- Stainless steel exterior and aluminum interior with 304 stainless steel floor
- Top holds up to (10) 1/6 size, 6" deep food pans (sold separately)
- Two self-closing swing doors with recessed handles
- Includes a removable full length, 10 1/2" deep cutting board
- R290 refrigerant; 115V; 1/4 hp

Certifications

5-15P

ETL Listed

Technical Data

Interior Depth	23 1/2 Inches
Height (with Lid Open)	47 5/16 Inches
Interior Height	19 15/16 Inches
Work Surface Height	35 1/4 Inches
Amps	4.3 Amps
Hertz	60 Hz
Phase	1 Phase
Voltage	115 Volts
Wattage	430 Watts
1/6 Size Pan Capacity	10 Pans
Access Type	Doors
Capacity	9.1 cu. ft.
Capacity (per Shelf)	88 lb.
Casters	With Casters
Compressor Location	Rear Mounted
Compressor Style	Side / Rear Breathing
Construction	Stainless Steel and Aluminum
Door Style	Swing
Door Type	Solid
Features	Magnetic Door Gaskets
Hinge Location	Left Right
Horsepower	1/4 hp
Number of Doors	2 Doors
Number of Shelves	2 Shelves
Plug Type	NEMA 5-15P
Refrigerant Capacity	4.1 oz.
Refrigerant Type	R-290
Refrigeration Type	Air Cooled
Starting Amps	12.9 Amps
Starting Wattage	1290 Watts
Style	Counter Height
Temperature Range	33 - 40 Degrees F
Top Type	Standard Top

Notes & Details

Optimize your back-of-house operations with this Avantco APT-36-HC 36" 2 door stainless steel refrigerated sandwich prep table, which allows you to better keep up with customer demand. Whether used in a university, sub shop, or hospital, the unit will help streamline the sandwich prep process with its convenient features and capacity. Its top accommodates up to (10) 1/6 size food pans up to 6" deep (sold separately). These pans are great for holding common sandwich or salad toppings, from eggs and cheese to green pepper or ham. Plus, a lift-up lid encloses the top to maintain proper food-safe temperatures.

A full-length cutting board, which is 10 1/2" deep, is mounted to the table surface, providing a place for slicing ingredients and assembling orders. The cutting board can even be removed for easy cleaning or swapped out with another board of your choosing. Beneath the workspace is additional storage space. Because it's refrigerated, the space is great for storing back-up ingredients, such as deli meat and cheese, as well as less-common toppings. Two epoxy-coated shelves are included, and each can accommodate up to 88 lb. of weight to help you with organizing your assorted supplies. Divider bars are also included for ultimate convenience.

High-quality performance is made possible by the unit's 1/4 hp refrigeration system, which maintains temperatures between 33 and 40 degrees Fahrenheit using R-290 refrigerant. This specialized refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3. You can control your unit freely using the built-in digital controls.

The construction of this unit is designed with commercial use in mind. It features a stainless steel exterior and an aluminum interior with a 304 stainless steel floor, which is fortified with foamed-in-place polyurethane insulation. The insulation also helps to promote proper temperature retention. For operation, the prep table requires a 115V electrical connection.
