

Item #: 178AWT48RHC Project:

Qty: Date: Approval:

Avantco AWT-48R-HC 48" Worktop Refrigerator with 3 1/2" Backsplash

Item #178AWT48RHC

Technical Data

Width	47 1/4 Inches
Depth	29 1/2 Inches
Height	38 3/4 Inches
Power Cord Length	84 Inches
Interior Width	42 1/2 Inches
Depth with Door Open	53 Inches
Interior Depth	22 7/8 Inches
Interior Height	23 1/2 Inches
Work Surface Height	35 1/4 Inches
Amps	2.4 Amps

Certifications

5-15P

ETL Listed

Technical Data

Hertz	60 Hz
Phase	1 Phase
Voltage	115 Volts
Wattage	270 Watts
Access Type	Doors
BTU (LBP)	881 BTU
Capacity	11.9 cu. ft.
Capacity (per Shelf)	90 lb.
Compressor Style	Side / Rear Breathing
Construction	Stainless Steel and Aluminum
Door Style	Swing
Door Type	Solid
Features	Automatic Electric Defrost Digital Temperature Controller Magnetic Door Gaskets With Backsplash
Hinge Location	Left Right
Horsepower	1/3 hp
Insulation Material	Polyurethane Foam
Maximum Ambient Temperature	90 Degrees F
Net Weight	214 lb.
Number of Doors	2 Doors
Number of Shelves	2 Shelves
Plug Type	NEMA 5-15P
Refrigerant Capacity	3.5 oz.
Refrigerant Type	R-290
Style	Counter Height
Temperature Range	33 - 40 Degrees F
Top Capacity	441 lb.

Notes & Details

Make food preparation as convenient as possible with the Avantco AWT-48R-HC 48" worktop refrigerator. With a spacious stainless steel worktop surface for slicing, dicing, assembling, mixing, and other food prep tasks, the unit features a 3 1/2" backsplash for wall protection and a refrigerated storage space below. The refrigerated portion is readily accessible through the doors, which open up to 2 epoxy coated shelves to help you organize your ingredients and best utilize the spacious interior. Plus, because they accommodate up to 88 lb. each, the shelves are well equipped for holding heavy bulk ingredients, from fresh produce to sauces, glazes, and other specialty condiments and garnishes.

This refrigerated unit is designed for outstanding durability to ensure that it withstands tough, busy kitchen environments with ease. It features a 430 type stainless steel exterior, which provides both strength and a smooth, sleek appearance. The painted aluminum interior with a 304 stainless steel floor also offers the durability necessary for heavy, regular use.

This worktop refrigerator ensures optimal performance by operating with a 1/3 hp refrigeration system that circulates R290 hydrocarbon refrigerant to maintain temperatures from 33 to 40 degrees Fahrenheit. R290 refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3. The foamed-in-place polyurethane insulation helps to retain cold temperatures, which ensures that all food held in the unit remains at food safe temperatures and ready for preparation or direct service to customers!

Operation of the refrigerator is easy, thanks to its special features, including a wall-mount thermometer, auto defrost function, and digital temperature controller. At the end of the day, take advantage of the casters and roll the unit aside to thoroughly clean the area. This worktop refrigerator requires a 115V electrical connection for operation.
