Type	Gravity Fed Organizers

Notes & Details

Keep your single serve bottles and cans organized and easy to reach with this Avantco 8 lane bottle organizer for 1 liter bottles. This model holds up to 64 bottles and uses a gravity feed system to keep them near the front of the shelf for easy access. This organizer sits directly on existing angled shelves in cold vaults, coolers, or merchandising racks.

This organizer features a modular track design and several break points that allow it to be cut down to fit many different shelf sizes. It is made of durable polypropylene and features a special slip agent that ensures long-lasting performance of the glides in your merchandising application. Plus the low profile interior wall keeps products separated without obscuring customers' views.
