Avantco SSPPT-2C 68" 4 Drawer Refrigerated Pizza Prep Table

Item #178SSPPT2C

Technical Data

Width	68 1/2 Inches
Depth	31 1/2 Inches
Height	43 Inches
Power Cord Length	98 1/2 Inches
Cutting Board Width	67 Inches
Interior Width	47 3/8 Inches
Nominal Width	68 Inches
Cutting Board Depth	19 7/16 Inches
Depth (with Cutting Board)	37 1/8 Inches
Interior Depth	26 3/16 Inches

Features

- Top rail accommodates up to (8) 1/3 size food pans up to 6" deep
- Cutting board built-in for convenient prep space
- Maintains temperatures between 33 and 40 degrees Fahrenheit
- Stainless steel exterior and interior; four built-in drawers for added storage
- 120V; R290 refrigerant; 1/4 hp
- Note: only the refrigerated pizza prep table holds the ETL certification

Certifications

5-15P

ETL Listed

Technical Data

Height (with Lid Open)	56 3/4 Inches
Interior Height	22 13/16 Inches
Work Surface Height	35 1/4 Inches
Amps	4.8 Amps
Phase	1 Phase
Voltage	120 Volts
Wattage	480 Watts
1/3 Size Pan Capacity	8 Pans
Access Type	Drawers
BTU (LBP)	1285 BTU
Compressor Location	Side Mounted
Compressor Style	Side / Rear Breathing
Construction	Stainless Steel
Horsepower	1/4 hp
Installation Type	Freestanding
Number of Drawers	4 Drawers
Plug Type	NEMA 5-15P
Refrigerant Type	R-290
Refrigeration Type	Air Cooled
Starting Amps	14.4 Amps
Starting Wattage	1440 Watts
Temperature Range	33 - 40 Degrees F
Top Capacity	353 lb.

Notes & Details

Optimize your back-of-house operations with this Avantco SSPPT-2C 68" 4 drawer refrigerated pizza prep table, and better keep up with customer demands. Whether used in a university, pizza parlor, or resort, the unit will help streamline the pizza prep process with its convenient features and capacity. Its top rail, for instance, accommodates up to (8) 1/3 size food pans up to 6" deep (sold separately). These are great for holding common pizza toppings, from pepperoni and cheese to green pepper or ham. Plus, a lift-up lid encloses the pan rail to maintain proper, food safe temperatures. A full-length cutting board is mounted to the table surface, providing a place for slicing ingredients and assembling pies.

Beneath the workspace are four built-in drawers for additional storage space. Because it's refrigerated, the space is great for storing back-up ingredients, such as sauce and dough, as well as less-common toppings. Drawers provide excellent organization for your food pans and can help maximize your kitchen's workflow. Drawers also allow you to quickly pull ingredients for faster operation and ease of use. This unit comes equipped with 12 divider bars.

Four heavy-duty 4" casters (2 locking) are also included, providing the unit with convenient mobility and making cleaning and servicing a breeze! Just roll the unit away from the wall. High-quality performance is made possible by the unit's refrigeration system, which maintains temperatures between 33 and 40 degrees Fahrenheit. It circulates R290 refrigerant, which has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3.

The construction of this unit is designed with commercial use in mind. It features a 430 type stainless steel exterior and 304 type stainless steel interior, which are fortified with foamed-in-place polyurethane insulation. The insulation also helps to promote proper temperature retention. For operation, the prep table requires a 120V electrical connection.
