Avantco UDD-2-HC-S Four Tap Kegerator Beer Dispenser - Stainless Steel, (2) 1/2 Keg Capacity

Item #178UDD2S4

Technical Data

Width	58 7/8 Inches
Depth	27 3/4 Inches
Height	35 5/8 Inches
Power Cord Length	108 Inches
Interior Width	46 1/4 Inches
Interior Depth	21 7/8 Inches
Nominal Depth	Standard
Faucet Height	10 1/4 Inches
Interior Height	30 1/2 Inches
Tap Tower Height	16 Inches

Features

- 2 shelves included for optional bottle and can storage for increased versatility
- (1) 4-tap tower with a 10 1/4" faucet height
- Energy efficient LED interior lighting
- Includes (4) "D" system couplers and keg mats
- 115V; 3/7 hp; R-290 refrigerant
- Note: only the kegerator holds the ETL certification

Certifications

ETL Listed

5-15P

Technical Data

Tap Tower Diameter	3 Inches
Amps	3.5 Amps
Hertz	60 Hz
Phase	1 Phase
Voltage	115 Volts
Wattage	325 Watts
Compressor Location	Left Side Mounted
Door Type	Solid
Exterior Finish	Stainless Steel
Features	LED Lighting Magnetic Door Gaskets
Horsepower	3/7 hp
Number of Doors	2 Doors
Number of Kegs	2 Kegs
Number of Shelves	2 Shelves
Number of Taps	4 Taps
Plug Type	NEMA 5-15P
Refrigerant Type	R-290
Starting Amps	10.5 Amps
Starting Wattage	975 Watts
Style	1/2 Barrel
Top Capacity	353 lb.
Type	Kegeators / Beer Dispensers

Notes & Details

Whether you operate a pub, banquet hall, catering service, or facilitate other special events, this Avantco stainless steel beer dispenser is an excellent way to offer crisp, refreshing draft beer to your guests without investing in a complex built-in tap system! This unit features a 4 tap tower with a 10 1/4" faucet height that allows you to easily fill pint glasses and pitchers with local microbrews, international macrobrews, and everything in between. Each tower is made from stainless steel with a polished chrome finish and is air-cooled to keep all your beers chilled to perfection. Plus, it comes with 4 hoses to get the beer flowing right away.

The dispenser cabinet holds (2) 1/2 kegs so you can stock up on one brew or offer customers a selection to choose from, and it even comes with 2 shelves for optional bottle or can storage. The doors themselves are not only self-closing to prevent potential energy loss, but also lock to prevent theft during off hours. This unit is equipped with knockout plugs to install external CO2 lines.

Unlike many competitive beer dispensers, this model ships with "D" system couplers so that you can tap kegs right out of the box! Built into each coupler, an integrated pressure relief valve provides you with added safety and peace of mind by ensuring the gas flow is cut off if the pressure gets too high.

This commercial kegerator features a sleek stainless steel finish and a 1 1/2" thick stainless steel top that is both durable and extremely simple to clean, while a built-in drip tray further expedites end-of-day cleaning. It has a 3/7 hp refrigeration system that circulates R-290 hydrocarbon refrigerant. R-290 refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3, making it an energy-efficient choice for your business. A 115V electrical connection is required for operation.
