Avantco UDD-36-HC-S 36" Stainless Steel Four Tap Kegerator Beer Dispenser - (1) 1/2 Keg Capacity

Item #178UDD36S4

Technical Data

Width	36 13/16 Inches
Depth	24 3/8 Inches
Height	35 5/8 Inches
Power Cord Length	108 Inches
Interior Width	24 1/4 Inches
Packaging Width	39 1/8 Inches
Shelf Width	23 5/8 Inches
Depth with Door Open	49 Inches
Interior Depth	18 1/2 Inches
Nominal Depth	Standard

Features

- Thick stainless steel countertop with stainless steel interior and exterior
- LED interior lighting
- Includes (4) "D" system couplers and keg mats
- Two adjustable epoxy-coated steel shelves can be removed to fit one 1/2 keg
- Note: only the kegerator holds the ETL certification

Certifications

5-15P

ETL Listed

Technical Data

Packaging Depth	27 1/2 Inches
Shelf Depth	17 15/16 Inches
Faucet Height	10 1/4 Inches
Interior Height	30 1/2 Inches
Packaging Height	41 3/4 Inches
Tap Tower Height	16 Inches
Tap Tower Diameter	3 Inches
Amps	3 Amps
Hertz	60 Hz
Phase	1 Phase
Voltage	115 Volts
Wattage	280 Watts
Capacity	(1) 1/2 Kegs 7.75 cu. ft.
Capacity (per Shelf)	88 lb.
Casters	Without Casters
Compressor Location	Left Side Mounted
Compressor Style	Side / Rear Breathing
Countertop Type	Stainless Steel
Door Style	Swing
Door Type	Solid
Exterior Finish	Stainless Steel
Features	LED Lighting Magnetic Door Gaskets Self-Closing Doors
Horsepower	1/4 hp
Insulation Material	Polyurethane Foam
Material	Stainless Steel
Maximum Ambient Temperature	90 Degrees F
Number of Doors	1 Doors
Number of Kegs	1 Keg
Number of Shelves	2 Shelves
Number of Taps	4 Taps
Plug Type	NEMA 5-15P
Refrigerant Type	R-290
Shelf Material	Epoxy-Coated Steel
Starting Amps	9 Amps
Starting Wattage	840 Watts
Style	1/2 Barrel
Temperature Range	33 - 40 Degrees F
Type	Kegerators / Beer Dispensers

Notes & Details

Whether you operate a pub, banquet hall, catering service, or facilitate other special events, this Avantco UDD-36-HC-S 36" stainless steel four tap kegerator beer dispenser is an excellent way to offer crisp, refreshing draft beer to your guests without investing in a complex built-in tap system! This unit features a four tap tower with a 10 1/4" faucet height that allows you to easily fill pint glasses and pitchers with local microbrews, international macrobrews, and everything in between.

It holds (1) 1/2 keg and even comes with (2) 23 5/8" x 17 15/16" shelves for optional bottle or can storage. The epoxy-coated steel shelves are perfect for storing and organizing beverages for your bar service, from bottles of ale and beer to cans of crisp ciders. The solid door is not only self-closing to prevent potential energy loss, but also locks to prevent theft during off hours. This unit is equipped with knockout plugs to install external CO2 lines.

Unlike many competitive beer dispensers, this model ships with "D" system couplers so that you can tap kegs right out of the box! This commercial kegerator features a 201 type stainless steel interior and exterior, as well as a thick stainless steel top that is both durable and extremely simple to clean. A built-in drip tray further expedites end-of-day cleaning.

This unit has a 1/4 hp refrigeration system that circulates R-290 hydrocarbon refrigerant. R-290 refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3. A 115V electrical connection is required for operation.
