Avantco HAC-63-B 59 1/8" Black Horizontal Air Curtain Merchandiser with 1 Shelf and LED Lighting - 115V

Item #193HAC63B

Technical Data

Width	59 1/8 Inches
Depth	34 1/8 Inches
Height	45 Inches
Power Cord Length	7 3/8 Feet
Interior Width	56 7/16 Inches
Shelf Width	55 1/2 Inches
Interior Depth	28 Inches
Shelf Depth	10 3/16 Inches
Interior Height	19 13/16 Inches
Amps	8.7 Amps

Features

- Horizontal unit features 1 adjustable shelf with price tag strip
- Bright, cool LED lighting to illuminate product
- Energy-saving night cover included for off hours
- Easy-to-use digital temperature controls
- Includes a 7 3/8' long power cord; 115V, 1 hp

Certifications

5-15P

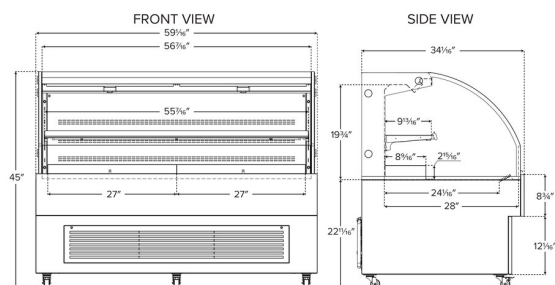

ETL Listed

Technical Data

Hertz	60 Hz
Phase	1 Phase
Voltage	115 Volts
Access Type	Open
Capacity	17.1 cu. ft.
Casters	With Casters
Color	Black
Compressor Location	Bottom Mounted
Construction	Stainless Steel
Display Case Type	Refrigerated
Features	Adjustable Shelves Digital Temperature Controller LED Lighting
Glass Style	Curved
Horsepower	1 hp
Included	Night Cover
Installation Type	Freestanding
Interior Color	Silver
Number of Shelves	1 Shelf
Plug Type	NEMA 5-15P
Refrigerant Type	R-290
Refrigeration Type	Forced Air
Sections	1 Section
Service Type	Self Service
Style	Horizontal
Temperature Range	33 - 40 Degrees F
Type	All-Purpose Merchandisers

Notes & Details

An excellent addition to any grocery store, deli, or self-serve area, this Avantco HAC-63-B 59 1/8" black horizontal air curtain merchandiser keeps contents at safe holding temperatures and allows customers to choose their items from the case while staff members work on other important tasks. This contemporary merchandiser beautifully displays products on the highly durable, rust-resistant stainless steel shelf. Having an air curtain merchandiser is sure to boost your impulse sales, because customers can clearly see the products you're offering and easily select products of their choosing. This horizontal unit features bright, cool LED lighting to show off your products on the included adjustable, stainless steel shelf!

The digital temperature controller ensures quick temperature readability, and for convenience, the unit has an auto defrost function so your staff won't need to set aside valuable time to schedule a defrost. A 1 hp compressor keeps the unit operating at temperatures between 33-40 degrees Fahrenheit, while circulating R-290 refrigerant. This unit's specialized refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3. This merchandiser is also characterized by its low energy consumption, which will save you money.

This unit's night curtain pulls down while the unit is not in use to save energy and ensure consistent holding temperatures for overnight storage. An automatic defrost water evaporator allows for the case to be placed with added flexibility by evaporating any excess humidity pulled by the refrigeration system. This unit comes with a 7 3/8' long power cord and requires a 115V electrical connection for operation.
