Qty: _____ Date: _____ Approval: _____

Avantco BHAC-36 36" Black Horizontal Air Curtain Merchandiser - 115V

Item #224BHAC36

Technical Data

Width	35 7/16 Inches
Depth	33 1/2 Inches
Height	45 5/16 Inches
Power Cord Length	71 Inches
Amps	7.8 Amps
Hertz	60 Hz
Phase	1 Phase
Voltage	110 Volts
Capacity	5.08 cu. ft.
Color	Black

Features

- Bright, cool LED lighting to illuminate product
- Comes with adjustable coated stainless steel shelf with price tag strip for easy price labeling
- Energy-saving night cover included for off hours
- Made of foamed-in-place CFC-free polyurethane insulation and corrosion-resistant 304 stainless steel
- Easy-to-use digital temperature controller; R-290 refrigerant; 115V, 1/2 hp

Certifications

5-15P

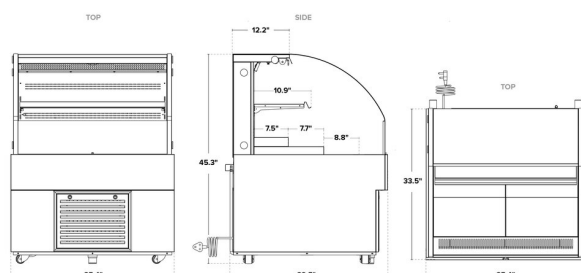

ETL Listed

Technical Data

Compressor Location	Bottom Mounted
Display Case Type	Refrigerated
Features	LED Lighting
Glass Style	Curved
Horsepower	1/2 hp
Installation Type	Freestanding
Number of Shelves	1 Shelf
Plug Type	NEMA 5-15P
Refrigerant Capacity	5.3 oz.
Refrigerant Type	R-290
Service Type	Self Service
Style	Horizontal
Temperature Range	33 - 40 Degrees F
Type	All-Purpose Merchandisers

Notes & Details

An excellent addition to any grocery store, deli, or self-serve area, this Avantco BHAC-36 36" black horizontal air curtain merchandiser keeps contents at safe holding temperatures and eliminates the need for an extra staff member, as customers can grab their own items from the case. This contemporary merchandiser beautifully displays products on the highly durable, rust-resistant stainless steel shelf. Interior LED lighting also works to illuminate and further merchandise your products. Having an air curtain merchandiser is sure to boost your impulse sales, because customers can clearly see the products you're offering and easily select products of their choosing.

The digital temperature controller ensures quick temperature readability, and for convenience, the unit has an auto defrost function so your staff won't need to set aside valuable time to schedule a defrost. A 1/2 hp compressor keeps the unit operating at temperatures between 33-40 degrees Fahrenheit, while circulating R-290 refrigerant. This unit's specialized refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3. However, not only do you get the satisfaction of using an unit, this merchandiser is also characterized by its low energy consumption, which will save you money.

This unit's night curtain pulls down while the unit is not in use to save energy and ensure consistent holding temperatures for overnight storage. An automatic defrost water evaporator allows for the case to be placed with added flexibility by evaporating any excess humidity pulled by the refrigeration system.. A 110V electrical connection is required for operation.
