Notes & Details

Keep chilled beverages on hand at all times with this AvaValley DSR-20-DZ dual temperature beverage cooler with top shelves and bottom drawer! Featuring a dual-zone temperature range, this beverage cooler is the perfect way to keep your drinks and food items chilled and ready to serve. This fridge boasts a temperature range from 41 to 72 degrees Fahrenheit on the top shelved section and 34 to 50 degrees Fahrenheit in the bottom drawer. It features a glass door for the top section that displays your beverages for customers to see as well as 2 adjustable wooden shelves and a bottom drawer for food and beverage storage. This versatile chilled storage is made with a digital temperature display and touch-temperature control panel so that your items are always perfectly chilled. The bottom drawer also extends out 15 3/4", giving you plenty of space to place your beverages.

This beverage cooler is designed to be installed as either a freestanding or built-in unit and has a capacity of up to 22 bottles and 70 cans. It features automatic defrost and LED interior lights that highlight your products. It also features a fully finished black cabinet with a durable stainless steel front grill and handles for long-lasting use. With this AvaValley beverage cooler, your beverages will always be ready for service!
