Total BTU	128000 BTU
Type	Grills Outdoor Pizza Ovens
Usage	Grills With Casters Pizza

Notes & Details

Take your culinary creations to a whole new level with the Backyard Pro 60" stainless steel liquid propane outdoor grill with pizza oven! When the weather is warm and your patrons are hungry, nothing is more satisfying than getting outside and grilling up your signature meats, kebabs, and vegetables for them to enjoy! With just a 60" x 23" footprint, this grill fits comfortably on any deck or patio, while still leaving plenty of room for a bar, outdoor seating area, or fire pit. Thanks to the durable type 304 stainless steel construction, this grill is capable of withstanding the wear and tear of an outdoor environment.

The two spacious 28" x 23" stainless steel cooking grates provide an impressive 1288 sq. in. of cooking surface to grill burgers, corn on the cob, or pork chops. Featuring 8 independently controlled burners and 128,000 BTU in total, this grill brings the sizzling heat you need for searing and cooking. For added convenience, this unit provides a left or right mountable propane holder and regulator to keep your propane tank safely off the ground. It also comes with a large removable grease tray to catch excess drips. The included casters ensure hassle-free mobility across cobblestones or pavement. Built with integrity in mind, this Backyard Pro grill offers you a durable, heavy-duty grilling solution for country clubs, resorts, hotels, caterers, and more!

You can convert this liquid propane outdoor grill into a deluxe pizza oven with the included pizza oven attachment! This versatile attachment allows you to cook fresh housemade pizzas, bread loaves, or flatbreads using your grill, eliminating the need to purchase a separate pizza oven. It features ceramic stones that evenly distribute heat to prevent burnt crusts and promote gooey centers. Plus, it has a domed ceiling design that mimics the heating pattern of a wood fired brick oven to create fresh, quality pizza every time.
