CPLA

Our cutlery range is made from CPLA a bio based and compostable bioplastic deriving from renewable vegetable sources such starch, corn and sugar beet. This raw material is crystalized, during the production process of the cutlery, to withstand temperatures up to 90 °C / 195 °F and to combine high-heat resistance and accordance with environmental standards.

Our CPLA cutlery are **OK Compost** certified, recyclable and they are heat resistant up to 90 °C / 195 °F.
