Notes & Details

Pop and market your profitable popcorn products all in one convenient place with this Carnival King PMW17R 8 oz. Royalty Series commercial popcorn popper and warming / holding merchandiser! This unit features a 250W warming deck and an LED light side by side to provide an eye-catching, brightly illuminated space for your finished popcorn. The front, back, and side see-through clear panels that make up the cabinet are all made of heavy-duty plastic, while the removable crumb tray, kettle, and the interior top / bottom are made of stainless steel. Besides popcorn, the 3 shelf display warmer is also perfect for showcasing peanuts and nacho chips.

This dependable machine features 1700W of power, has an 8 oz. kettle that only needs a few minutes to warm up, and with both cabinets combined can hold up to 150 oz. of popcorn, making it ideal for high-volume businesses. The included scoop and measuring cup set help ensure consistent portion sizes every time. And, it's simple for your staff to operate. Four toggle switches control the popper lamp and warming deck, kettle heat, turner, and display lamp and are easy enough for anyone to operate. A magnet holds the kettle lid up, so it's easier to add popcorn kernels and oil. The warmer / merchandiser holds temperatures from 110-130 degrees Fahrenheit to keep your concession stand treats hot and fresh. It also features a non-stick interior coating to make cleaning easier.

With the Carnival King PMW17R 8 oz. Royalty Series popcorn popper and merchandiser, you can keep up with demand serving fresh popcorn and putting it on display all within one handy, space saving unit! This unit requires a 120V electrical connection.
