Notes & Details

Built for the great outdoors, the CaterGator CCG20CHR charcoal 20 qt. round rotomolded outdoor cooler / ice chest keeps food cool and holds ice. This impressive feat is made possible with a triple-insulated design, which boasts a layer of high-density polyethylene, a layer of polyethylene and foam, and a final layer of food-grade polyethylene. Plus, the rigid, charcoal exterior provides the durability you need to keep up with your many trips and remote events. From casual parties to festivals and fairs, venues will be easier to work with this cooler's reliability and convenience.

To ensure ease of use, the cooler features a stainless steel handle with an extended grip, making it comfortable to carry and transport. The exterior also includes indentations, while the rubber latch boasts finger indentations for superior ergonomics. Self-stopping lid hinges help simplify access too, so you can quickly and easily retrieve ice, chilled beverages, and other products with ease. In addition, the lid itself delivers exceptional versatility. After use, the cooler is easy to wash thanks to a built-in drain plug. Wherever the party and whatever the menu, this cooler / ice chest provides the holding power, durability, and convenience that you need and want. Keep guests well fed and properly hydrated with the help of CaterGator!
