Type	Countertop Ranges
Weight Capacity	800 lb.

Notes & Details

Enable the ultimate cooking convenience with this Cooking Performance Group 36RSNL 6 burner countertop range with Regency equipment stand. Boasting 6 powerful 22,000 BTU burners with standing pilots for instant ignition, this range gives you the high-performance cooking solution you need to easily prepare sauces, sides, and entrees! The heavy-duty cast iron trivets are oriented in a flat alignment so that you can easily slide pots and pans from one burner to the next without worrying about spills, and they also help protect the burners against clogs resulting from overflow.

The countertop range features an all stainless steel construction to ensure long-lasting durability and easy cleaning, while a full width waste tray also helps expedite end-of-day cleaning. It has a 3/4" rear gas connection and ships ready to connect to a natural gas supply, but includes a liquid propane orifice kit for simple field conversion.

The included stainless steel equipment stand is built to stand up to daily use in even the busiest commercial settings! It features a durable 16-gauge type 304 stainless steel top shelf that can support up to 800 lb. of evenly distributed weight, while the galvanized steel undershelf can hold 620 lb. This stand is ideal for holding up your countertop range or heavy countertop equipment. A 2" edging comes standard to help contain equipment and contents for added safety. This unit stands on sturdy galvanized steel legs with adjustable plastic bullet feet that allow you to level the stand on uneven surfaces.

Kit Includes:

- Cooking Performance Group R-CPG-36-NL 6 burner gas countertop range / hot plate
- Regency 30" x 36" 16-gauge stainless steel equipment stand with galvanized undershelf
