

EP-6700-25-DX

Motorized Ring Wrapper Deluxe

The Deluxe Standard in Ring Wrapping

Measuring 25" in diameter, the EP-6700-25-DX Motorized Ring Wrapper Deluxe is designed to accommodate and secure a variety of bundles. Its 3"- 5" film bundling mechanism encircles standard size boxes, as well as aluminum or wood extensions, door frames, piping, logs, and lumber. The Deluxe unit includes an adjustable motor, allowing you to customize the speed at which the ring wrapper runs.

The EP-6700-25-DX can easily be added to an assembly line when paired with the Adjustable Support Table EP-6700-25-ST. The wrapper comes with flat or V-shape conveyor rollers, allowing packages to smoothly slide through while film is wrapped 360° around.

Other features include:

- Made in the USA
- Max Box Size: 13" x 13"
- Adjustable tension and ring wrapping speed
- Foot pedal and button operated

** EP-6700-25-ST Adjustable Support Table sold separately.*

** Available with Flat or V-shape rollers. Specify when ordering.**
