- Floor model with stand included

## Plan View

## Notes & Details

Create perfectly consistent portions of dough each and every time with this Estella MDD9 manual dough divider. This machine easily divides a wide variety of doughs into 9 equal portions between 3.6 and 11.6 oz. in size. Reduce the time you spend portioning dough by hand drastically with this manual dough divider. Simply place your dough on the tray and pull the handle, and in seconds you have perfect, identical balls of ready-to-use dough.

This floor model manual dough divider allows for interchangeable head assemblies, so you can also divide dough into 18 or 36 portions with use of the 18 part or 36 part dividing head assemblies (sold separately). This dough divider can be used on a number of different doughs including pizza, bread, tortilla, or cookie dough. When you're finished, easy disassembly makes for a no-hassle cleanup. This dough divider is sure to be a time saver in any kitchen or bakery.
