Features	With Drain
Heads of Lettuce	5 - 6 Heads
Material	Plastic

Technical Data	
Number of Compartments	1 Compartment
Power Type	Manual
Type	Salad Dryers / Spinners

Notes & Details

Use this Garde 5 gallon salad spinner / dryer with brake to enhance the quality and presentation of your delicious salads. This salad spinner / dryer quickly removes excess water with each spin of the handle, ensuring that your salad greens are dry and ready for salad dressing. Drying your salad can also extend the shelf life of your lettuce, keeping it crisper, longer.

The integrated brake system allows you to quickly stop the unit with a simple press of the button and eliminates damage to the gear system. This spinner's bottom features an attached hose that drains away water, preventing build-up and re-soaking of your vegetables. The impressive 5 gallon capacity can effortlessly handle 5-6 heads of lettuce at once, increasing efficiency and productivity in your busy kitchen.

Simply load the chopped greens into the interior basket, place the lid on the body, and spin the handle. Furthermore, the unit's suction cup feet provide optimal stability on a wide variety of prep or sink bowl surfaces, making this tool a necessary addition to any kitchen.
