Features	Hand Wash Only NSF Certified
Installation Type	Wall Mounted

Technical Data		
Material	Cast Aluminum	
Power Type	Manual	
Pusher Block Material	Polypropylene	
Slice Size	1/4 Inch	
Type	Dicers	

Notes & Details

Save time and labor with this Garde DM14WM 1/4" heavy-duty wall mount vegetable dicer! Incorporating convenience, efficiency, and versatility, this rugged dicer allows you to cut onions, peppers, celery, and other vegetables. It accommodates vegetables up to 6" long and allows employees to rapidly process a high volume of product so they're not wasting valuable time cutting food by hand during morning prep or your busiest hours!

A short throw handle with superior engineering enhances leverage for smooth, easy cutting in just one stroke. Combined with the razor sharp stainless steel blades, this user-friendly design ensures that even your newest employee will have no trouble operating it. And, because the stainless steel is resistant to corrosion, you'll never have to worry about blade contact with fruit juice and other acidic substances.

The sturdy cast aluminum construction holds up to the wear and tear of tough, daily use, while also providing years of reliable service. This dicer features a wall mount design that you can pair with a wall bracket to set up an efficient prep station. For easy maintenance, the blade assembly and push block come apart quickly when it's time for cleaning.
