Type	Cutters / Slicers

Notes & Details

The Garde XL XLROTOSLICE 1/8" to 1/2" adjustable fruit / vegetable rotary slicer is the perfect tool to quickly and easily slice a variety of fruits and vegetables. This slicer features a heavy-duty spring system that pushes the food through the blades automatically, making slicing faster and easier than manually slicing. An extra large 9 1/2" long trough accommodates more produce than standard slicers, making it great for high-volume applications. It features a 1/8" to 1/2" adjustable thickness that can be changed without having to disassemble the slicer.

This slicer also features a durable, corrosion-resistant aluminum body to withstand the daily rigors of commercial environments, and the sturdy base ensures reliable usage. It has a 6 1/2" clearance, allotting enough room for a 6" food pan to be placed beneath the slicer to catch sliced produce. It is easy to clean with soap and water or a mild detergent, and the sharp blades are durable enough to withstand daily use in your establishment. This slicer is the perfect addition to any kitchen!
